Being Responsible, Staying Safe Scenario Cards

A group of friends are playing a game online. A new person joins and starts asking them all their names, ages and which school they go to.

Decide what the friends will do and act it out.

This resource is fully in line with the Learning Outcomes and Core Themes outlined in the PSHE Association [Programme of Study](#).

Being Responsible, Staying Safe Scenario Cards

A child at school is telling their friends all about someone they have been chatting to online recently and says that they have arranged to meet at a nearby park.

Decide what the child's friends will say and act it out.

Being Responsible, Staying Safe Scenario Cards

A couple of children are sending nasty, unkind emails to some of the children in their class. They think it is funny. Some of the children who receive the emails open them and are upset.

Decide what these children will do and act it out.

Being Responsible, Staying Safe Scenario Cards

A child has a new mobile phone but some bigger children who go to the local secondary school steal it on the school bus.

Decide what the child should do and act it out.

Being Responsible, Staying Safe Scenario Cards

A group of children at the park are videoing a child in the year below. They say they are going to post the video online, which makes the child upset.

Decide what the child should do and act it out.

This resource is fully in line with the Learning Outcomes and Core Themes outlined in the PSHE Association [Programme of Study](#).

Being Responsible, Staying Safe Scenario Cards

Some children are using the computer room at school during lunchtime. A few of them have found a website that has horrible, frightening images on and they are all looking and talking about it. Some other children are uncomfortable with this.

Decide what they will do and act it out.

Being Responsible, Staying Safe Scenario Cards

A couple of children start a nasty rumour about another child in their class, which they send in a text message to other children, telling them to pass it on. Some children who receive the text decide to take action.

Decide what they will do and act it out.

Being Responsible, Staying Safe Scenario Cards

A group of friends are telling another child they can be in their gang if they get a social media account on their phone, which they are legally too young for.

Decide what the child should do and act it out.

Being Responsible, Staying Safe Scenario Cards

A new craze for trying different stunts has been spread on social media. Some children are daring each other to try some of the dangerous tricks.

Decide what the child should do and act it out.

This resource is fully in line with the Learning Outcomes and Core Themes outlined in the PSHE Association [Programme of Study](#).

Being Responsible, Staying Safe Scenario Cards

A child gets an invite on a social media site to buy tickets to see their favourite band for a great price.

Decide what they will do and act it out.

Being Responsible, Staying Safe Scenario Cards

A group of children are worried about their friend, who spends all their free time on a social media site, checking if people have 'liked' their picture.

Decide what they will do and act it out.

Being Responsible, Staying Safe Scenario Cards

A child has a new mobile phone and wants to take it to school, even though their dad has said not to.

Decide what the child should do and act it out.

Being Responsible, Staying Safe Scenario Cards

A child is sneaking their phone up to bed at night and watching videos on it. They are really tired at school.

Decide what the child should do and act it out.

This resource is fully in line with the Learning Outcomes and Core Themes outlined in the PSHE Association [Programme of Study](#).

Being Responsible, Staying Safe Scenario Cards

A child keeps receiving text messages from an unknown number asking them to send a photo of themselves.

Decide what they will do and act it out.

Being Responsible, Staying Safe Scenario Cards

Some children find a phone belonging to someone in their class. One of them says they should guess the passcode then send mean messages from it.

Decide what they will do and act it out.
