

Social Network Statements

Social Network Statements

Social media sites are a great way to chat to friends I rarely see and those who live far away.

This resource is fully in line with the Learning Outcomes and Core Themes outlined in the PSHE Association [Programme of Study](#).

Social Network Statements

It can really get you down when everyone else is posting comments about amazing things they have been doing.

Social Network Statements

People in selfies on social media all seem to look really nice, which makes me feel ugly.

Social Network Statements

Social media is simply a great way to socialise.

Social Network Statements

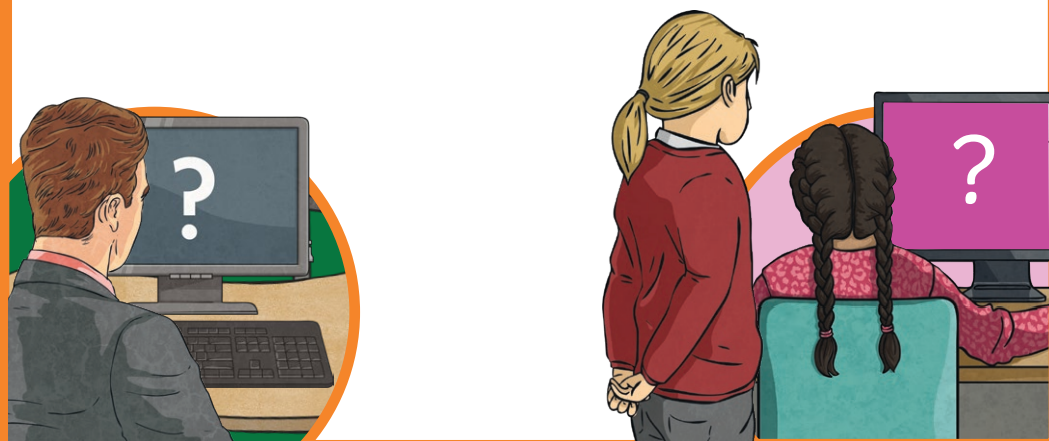

You can use social network sites to ask school friends important things, like what the spellings are for this week.

This resource is fully in line with the Learning Outcomes and Core Themes outlined in the PSHE Association [Programme of Study](#).

Social Network Statements

Some people on social network sites might not be who they say they are.

Social Network Statements

You can meet others who have the same hobbies or interests as you on social network sites.

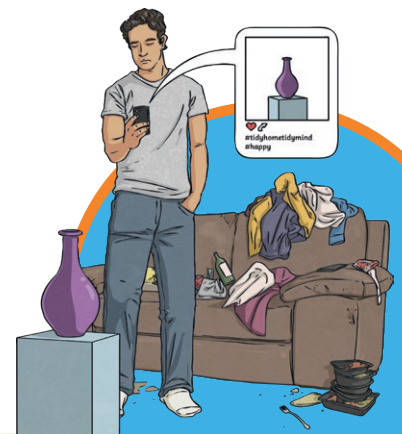

Social Network Statements

Watching funny or cute videos on social media sites is a great way to relax after school.

Social Network Statements

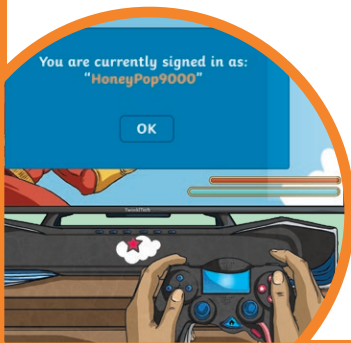

A lot of information on social media sites is false and can be misleading.

This resource is fully in line with the Learning Outcomes and Core Themes outlined in the PSHE Association [Programme of Study](#).

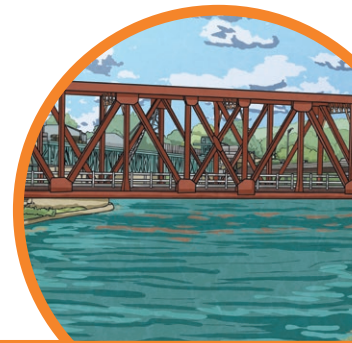

Social Network Statements

Playing games online is great fun as there is always someone available around the world to play with you.

Social Network Statements

Sometimes 'challenges' or 'dares' spread on social network sites, some of which might be dangerous to try.

Social Network Statements

You can find out useful information on social media sites, like what time choir practice finishes or when your homework is due in.

Social Network Statements

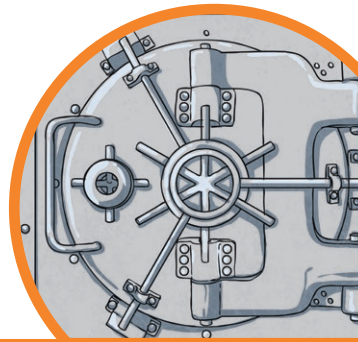

Photos and videos we post can be copied and forwarded on, so are never really private.

This resource is fully in line with the Learning Outcomes and Core Themes outlined in the PSHE Association [Programme of Study](#).

Social Network Statements

If we don't keep our passwords safe, others can post or forward things using our account.

Social Network Statements

We could be asked by someone to share an inappropriate photo of ourselves via a social media site or app.

Social Network Statements

Our personal information, such as our gender, age and interests, as well as sites we look at, gets stored and used by companies who want to sell us things.

Social Network Statements

People share their views and opinions on social media, some of which might offend or upset us.
