Instructions - Recap

When someone tells someone else what to do we call this giving the instructions.

Stand up!

Sit down!

Cross your legs!

Can you think of an instruction?

Today it's your turn to listen carefully and follow instructions!

- Watch the episode of Mr Maker.

Sequence the instructions

- It's really important to give instructions in the correct order...why?
- What would happen if your grown up told you to get in the bath before you had taken off your clothes? Or The told you to cross the road before looking both ways!

Challenge

Can you order the instructions so that someone who can't watch Mr Maker can learn how to make the cottage?
