How are we going to do the research?

Each of the groups have a sheet of information all about their topic which they will use to find the best pieces of information.

We will have a look at what we are going to do together now.

- 2) Underline the bits that you think are the most important
- 3) Create your poster using the pictures and the information
- 4) At the end of the lesson, each group will present their posters to the rest of the class
