To be able to summarise a
story.

Warm up task
Can you talk to your partner
about what a summary is.

So what do we think? What is a summary?

The dictionary defines a summary as
“a brief statement or account of the main points of
something”

So what does that actually mean?

It means that when you are making a summary, you
are only using the main events from the story.

The most important parts!

Today we are going to be continuing looking at the text that we have been reading yesterday and the day before.

Who can remember what it is called?

Digiduck's Big Decision

Talk to your partner

What do you think the main things are that happened during Digiduck's Big Decision?

Write them down on a whiteboard.

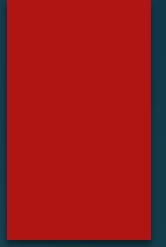

So what do we think, what are the main parts of this story?

As a class

We are going to look at how to take the main events from the list we made and write a summary of the story.

Solo Work

Your task is to write a summary of Digiduck's Big Decision.
