

LO: To discuss and record ideas.

Paragraph 1

How to write your first paragraph?

Your first paragraph is explaining your first point. Why is St Nicholas Academy amazing?

This section should be no more than six sentences and remain on one topic.

Let's have a look at my first paragraph.

In our school, we pride ourselves on being a family. We love coming into school each and every day because we know that we are always welcomed with open arms. Everyday, we love each other and know that we are loved back. Teamwork is very important in our school and we are passionate about helping each other to be the best that we can be.

What do you notice about this paragraph?

What does it tell you?

Now it's your turn.

Think carefully about what you need to include in your first paragraph. Remember, we are writing to persuade.

Be positive, be engaging!

Can you write your own first paragraph using the notes in your plan from last week?
