

St Nicholas C.E Primary Academy

Disciples Class

Year 3

Welcome back everyone, I hope you had a lovely Christmas break and are ready for another action packed Term!

This term we have lots of exciting new learning to do and lots of opportunities to build on our previous learning. Our Cornerstones Topic for this term is Rocks, Relics and Rumbles during which we will be learning about Volcanoes, Earthquakes and other interesting things about the world.

Throughout the year, you can contact me via the class page on the website and I will respond as soon as possible.

Keeping Updated

You can follow what our class does on Twitter.

Class page—@StNDisciples

Mr Lee—@Mr_C_Lee

Mr Rowlatt—@MrRowlatt

Remember to check our new class page on the school website to keep up to date with everything we do!

The school also has a Facebook Page 'St Nicholas CE Primary Academy'.

Our Learning this term

This term our learning is going to be a bit different with it being online, but don't worry...we will still be doing all of the same learning that we would be in school!

To access our Remote Learning you need to visit the class page on the website. There you will find all of the learning for the week. None of the resources need to be printed off if you don't want to. They can be answered in the exercise books in your learning pack.

I know that everyone in Disciples loves learning and have amazing attitudes towards their learning; this is a brilliant time to show this to everyone at home as well as the people in school!

It would be great to see all of the Remote Learning that you are doing, so please send pictures of it to Disciplesremote@infinityacademies.co.uk and one of the team will be able to reply to the email.

Children still need to read at least 5 times a week and everyone should also be using Times Table Rockstars, remember we have weekly champions! Who will make it into the Hall of Fame this term?

Parent Hub

Everyone at St Nicholas Academy needs to be registered for Parent Hub. As all correspondence will be on Parent Hub, please make sure to monitor it for updates. If you have any questions about how to register or use parent hub please ask. Equally, if you have any questions about anything posted on parent hub don't hesitate to ask.

Within Our Class

Our topic for this term is Rocks, Relics and Rumbles. We will be starting the topic off with a BANG during our WOW Event on the first day back when we will be making our own volcanoes and erupting them! Over the term we will be learning about volcanoes, Plate Tectonics, longitude and latitude and Earthquakes amongst other things.

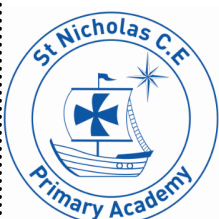

Our topic will also feature in our English lessons which will have a focus on 'Writing to Persuade'. Over the term we will be writing a persuasive letter and creating a persuasive advert all focused on volcanoes in different ways.

Within Maths this term we will be using White Rose and our focus will be on:

Multiplication & Division, Money and Statistics.

During Science this term we will be learning about Plants and trying to work scientifically during experiments.

If you have any concerns, questions or anything that you need to let me know you can contact me via the class web page.

Ready to learn; Prepared to Flourish
