

Story Sound Effects!

This week we are going to have a go at making sound effects for our favourite stories.

First, choose a story for your grown up to read.

Now, we need to think about all the sounds we could make with our bodies, our voices and even things we can find around the house and garden!

I wonder what sound Goldilocks' feet might make as she tiptoes through the Bears' house?

How could you make the sound of Jack climbing the beanstalk?

Get your grown-ups to take some photographs or a short video of you making your sounds and add them to your Tapestry account.

I can't wait to hear your story sound effects!
