

Shackleton's Journey

William Grill

Slides 13-23

Quick Start

- How did water get into Endurance?
- Why did the crew try to catch penguins?
- When did Endurance finally sink?
- What book did the men spend lots of time reading from at Patience Camp?
- How far away was Elephant Island?

Vocabulary Check

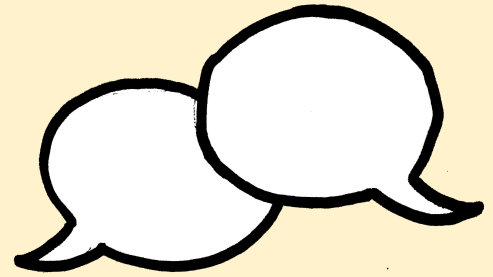

- Endurance was overcome
- Shackleton briefed the men
- when they were out on the floe
- vital to keep the crew's morale high.
- emergency evacuation
- almost capsizing them

Individual Thinking

Why would it be important to keep morale high amongst the crew?

Partnered Talk

‘As far as the eye could see, she was completely surrounded.’

What had surrounded the boat?

Why would this be a problem for the crew?

Individual Thinking

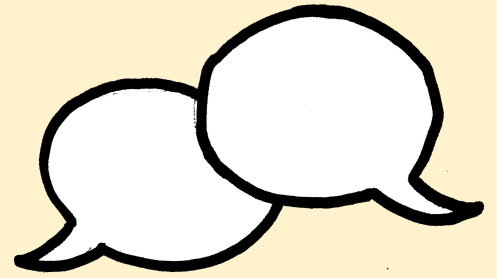

‘The sight of dry land was electrifying’

What does ‘electrifying’ mean in this context?

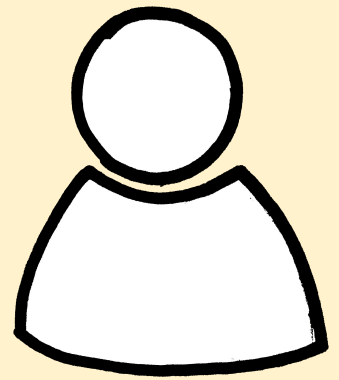

Explain in your own words how the men felt when they saw dry land.

Partnered Talk

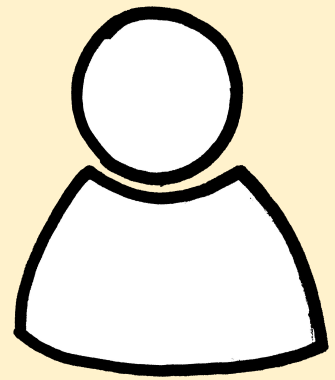

What things might have negatively impacted the morale of the crew in the pages you have read today?

Solo Work

You now have 3 minutes to choose as many words as you can think of which mean the same as 'perilous.'

Solo Work

You will now put these words in order from least effective to most effective in portraying danger.

Be ready to share why you have chosen your order.
