

Homework – Book Cover

To continue our work on 'The Midnight Fox' by Betsy Byars, please design a new cover for the book.

The book was first published in 1970, and over the 40 years, there have been many different covers. When designing your cover, you will need to include the title and author (correct spellings!) and draw a scene or picture that you feel would tempt a reader to pick the book from the shelf. You might also wish to add a logo of a publishing company (which you can make up).
