

Homemade Paint

This week we are going to have a go at making our own paint with things you will have at home!

Here are a few ideas...

You could –

Dissolve some instant coffee in a little water.

Soak a tea bag in water.

Crush berries or other soft fruit with then mix with a small splash of water.
Grind grass, petals or leaves and add a tiny bit of water.

Mix powders like mustard powder or spices with a small amount of water.

Once you have made some of your own paint, have a go at colour mixing. How many different colours can you make? You could also paint a picture -if you don't have a paintbrush; a cotton bud works really well (wet the end first) or you could try an old tooth brush or even some twigs from the garden! I hope you have lots of fun making your own paint and take lots of photos. As always, please send any photos to your class remote learning email address.

apostlesremote@infinityacademies.co.uk

I can't wait to see all of your lovely pictures!

Miss Allen
