

Prophets Class Week Commencing 11/5/20

Here you will find some suggestions of activities that you can do this week.

Please note: this is not a compulsory list or requirement to complete.

Keeping Active	Being Creative	Family Time
Every day Joe Wicks is completing a free session at 9:00am to help you start the day in the right way. We have been using these in school and they are great fun! https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ Look at the underneath this page for an activity challenge.	For our creative work this week you will need to find a mirror somewhere in your house. You challenge this week is to draw a self portrait in as much detail as you can. If you cannot find a mirror in your house, ask a family member if you can draw their portrait instead.	This week in family time I would encourage you to see if you can find a pack of playing cards or maybe make your own and see if you can learn a new card game together. My personal favourite game of cards is called 'cheat', see if you can find instructions for how to play it.
RE and Mindfulness	English	Maths
Our RE topic for this term is life journeys in Hinduism and Islam. This week will be looking at Hindu symbols and what these symbols represent. In the resource section, open the powerpoint for some information on symbols. You have two task this week. One is the look at the worksheet which goes with powerpoint and fill in what each symbol means. Your second task is to create a new symbol that represents you.	This week in English we are going to look at a selection of poetry. We will be focusing on a selection of Haiku poems. This week you will need to follow the powerpoint in the resource centre to understand what a Haiku is. There is then a plan for you to complete for your own Haiku poem which, after you are happy with your plan, you could write. I look forward to seeing these.	This week we will be starting to explore angles (Summer week 2) to carry on developing our new Year 6 skills. The resources for this (including video tutorials) at https://whiterosemaths.com/homelearning/year-6/ Under the title Summer week 2.
Reading	Spelling	Topic
Look at the resource section of this weeks learning. On there you will find some poetry comprehension questions and texts to have a go at. Remember, underlining key words as you go through is extremely helpful.	Homophones (words which sound the same, but having different spellings and meanings): https://spellingframe.co.uk/ Scroll down to Spelling Rules 51 to practice a range of homophones. Click on spelling tiles to play games with this rule. You could always play four in a row, hangman or nonsense sentences.	Our new topic for this term is Revolution where we will be exploring the Victorians. One major difference between the Victorian times and modern days was the divide in classes (rich, middle class and poor). Your job this week is to research and make notes on the 3 different classes of people. Make notes on things such as: jobs, clothing, food, sports and housing.

60 Second Challenge

Socks in the Box

Do you keep trying even if you struggle to match up a pair of socks?

The Physical Challenge

How many socks can you pair up and put in the box in 60 seconds?

Place unpaired socks 5 steps away from a box. Players run, match up a pair of socks and place them in the box.

#StayHomeStayActive

Equipment

Socks and a Box!

If you do not have a box use a bowl.

Throw in unpaired socks as red hearings.

Achieve Gold

20 pairs of socks

Achieve Silver

15 pairs of socks

Achieve Bronze

10 pairs of socks
