Dear Families,

How can it possibly be the last term before the summer break and for those members of our school family in Year 6, their final term of Primary School before venturing onto their secondary pathway!

This academic year started in the midst of the Covid pandemic which I am pleased to say is now behind us. To acknowledge your child's dedication to their learning, we are delighted to inform you of the amazing activities we have in store for your child over the forthcoming weeks (all of which are being funded by school so they are totally free of charge to you).

WOW! It's tiring just reading the list but we felt so many experiences were missed due to the Covid-19 pandemic, that we need to immerse your children in as many memorable events as possible so that they can learn through play, exploration, teamwork ... and fun!

Don't forget to keep checking our Twitter pages where you can see pictures of all aspects of your child's class learning and activities.

We also wish to thank all of you for your immense support during this academic year, it is truly appreciated and is the reason why so many of us are able to SHINE!

So let the fun begin!

Kind regards
