March Updates 2021

Wednesday 31st March 2021

Dear Families,

WOW! What an incredible term it has been!

Let me start by thanking each and every one of you for the unwavering support you have given to our school community over the past year. The level of engagement from you has been utterly brilliant and I know I speak for the entire team when I say how excited we are about continuing to enable our partnership to flourish!

Please use the Easter holidays as an amazing opportunity for your whole family to rest, recharge and reconnect without any pressures or stresses from school! I hope you all take the chance to get outdoors as much as possible, enjoy some fresh air and feed you 'well-being monsters'!

We have so much to look forward to next term ...

As the weather starts to improve we will be able to take full advantage of our incredible new outdoor learning/ play spaces; take lessons/ learning outside; enjoy a wider variety of sports and physical activities as well as some of the more traditional Summer term events that we all look forward to.

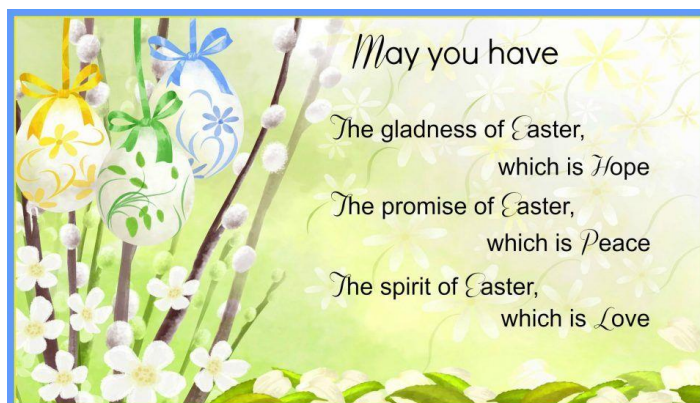

Once we are back to school on **Monday 19th April**, I will send a comprehensive newsletter home to all families so that we can continue to take our school on its journey of rapid improvement.

Keep your eyes peeled for us to appear in the **Boston Standard** during the second week of the holiday – the social media buzz about how amazing our school has gained lots of attention from far and wide and is opening doors to us that will help us continue to grow from strength to strength.

A few things to be aware of for next term:

- Within the first few weeks back, we will be holding **parent consultation evenings** so that all families have the chance to talk with their child's class teacher and discuss what successes and support they are having. Due to the ongoing Covid-restrictions and the success we had with this in October, these meetings will be virtual (using Microsoft Bookings or a telephone call).
- We will end our use of Parent Hub and introduce you all to a new and improved, free app that allows you to send messages to school as easily as sending a text! There will be lots of information sent home to help with this transition and we will run daily drop-ins for adults over the course of a couple of weeks to ensure you get set-up smoothly. All you need to do is bring your mobile phone – it should only take a couple of minutes!
- There are some exciting staffing updates to share with you following interviews that took place earlier this week.
- There are NO changes to PE days for any classes. Children should continue to come to school in their PE kits.

- After school clubs will begin on the first day back – Monday 19th April
- The school website continues to showcase lots of exciting, in-school developments as well as Remote Learning resources – please take a look!
- Track and Trace details have been shared via Parent Hub for how you should report any positive Covid cases during the Easter holidays.

All that is left for me to say is “Thank you for being so awesome!”. I hope you all have a lovely Easter; stay safe & follow the guidelines carefully so that you can keep those you love safe and sound.

We will all be really excited to welcome you back on **Monday 19th April!**

Keeeeeeep Shining everyone!

Yours sincerely,

Mrs F. Booth
Head Teacher
