Lincolnshire County Council Building Project

Dear Parents/ Carers,

As you all know, Lincolnshire County Council have had their plans passed to relocate the current John Fielding School to a brand-new site at the back of our field. In order for this to happen, there will be a few changes in the coming few weeks and months that we all need to be aware of.

Due to the scale of the new-build site, Lincolnshire County Council have decided to remove quite a number of trees that are currently located on the field. In order to avoid nesting season, the contractors that the County Council have employed, plan to begin the removal of trees on Monday 3rd February 2020.

Over half term, Wates Builders will install a new pathway at the rear of the current St Nicholas CE Academy site so that there is no disruption to the smooth running of our school day. The location that Wates initially install the new boundary will appear to be quite close to our site, however, this will move back by approximately 4 metres at the end of the build process.

Although this is a wonderful development for the students and families who access the John Fielding school (to be renamed Boston Endeavour Academy) which we are in full support of, Lincolnshire County Council have recognised that the build process will have an impact on St Nicholas CE Primary Academy. As a result, they are going to make some improvements to our site. The first thing they will do is flood-light the MUGA so that we can offer a year-round menu of sports to our entire community; in addition to this, Wates are going to relocate and refurbish our reflection garden (March 2021) **and** there is then an additional 'pot of money' for us to use on improving accessibility & amenities in our outdoor provision.

If you have any suggestions about how we might improve the outdoors for our children and wider community, please do let me know your ideas so that I can share them with Tom Green (Wates site manager). Whilst I understand this project may cause some temporary upheaval, I also know that the end result will enhance the lives of our children & families as well as those from the Boston Endeavour Academy. Please feel free to discuss any concerns or questions you have and I will try to direct you to the relevant personnel from Kier, Wates or Lincolnshire County Council

Thank you all for your continued support of our incredible Academy as we make rapid progress on our improvement journey – none of this is possible without you!

Yours sincerely,

Mrs F Booth – Head of Academy
