Ready to learn; Prepared to flourish.

January 23rd 2020

Dear Parents/Carers,

In RE we are learning all about celebrations across different religious faiths. We will be exploring the different sights, smells, tastes and sounds experienced during wedding ceremonies and I thought it would be a lovely opportunity to engage the children in some Mehndi patterns.

Mehndi is a form of body art originating in ancient India, in which decorative designs are created on a person's body, using a paste, created from the powdered dry leaves of the henna plant. Dating back to ancient India, Mehndi is still a popular form of body art among the women of the Indian subcontinent, Africa and the Middle East.

We are hoping for each child to have a small Mehndi pattern painted onto their hands. The details of the product we will be using are below:

What is Henna Tattoo?

Henna Tattoo, which is also called mehndi. The ingredient is natural henna exaction. It can last for 1-2 weeks long if it painted on body.

This is, of course, optional and I invite you return the reply slip to give us authority for your child to take part. Please return the slip by Friday 31st January.

Kind Regards

Mrs Dobbs and Mrs Stukins

Please return to Mrs Dobbs:

I give permission for my child _____ (insert child's name) to take part in the Mehndi pattern activity in school.
