

P.E.

On Mondays and Thursdays we will have our PE lessons in school where we will be learning lots of new skills playing basketball and doing gymnastics! Please come dressed on these days in the correct PE uniform, which is a white t-shirt, a plain black/blue tracksuit and trainers. Please come with your hair tied back and remember to take out your earrings

Our Collective Worship theme this term is :

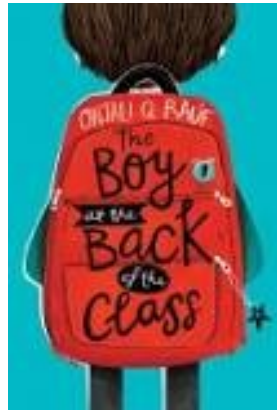

Generosity

We will begin our term by exploring the story from the bible of Elisha and the Widow's Oil 2 Kings 4:1-7. Perhaps you could talk about ways we can be generous to others? What could you do as a family to show generosity?

Reading

This term our class book will be by the author Onjali Q. Rauf and is called 'The boy at the back

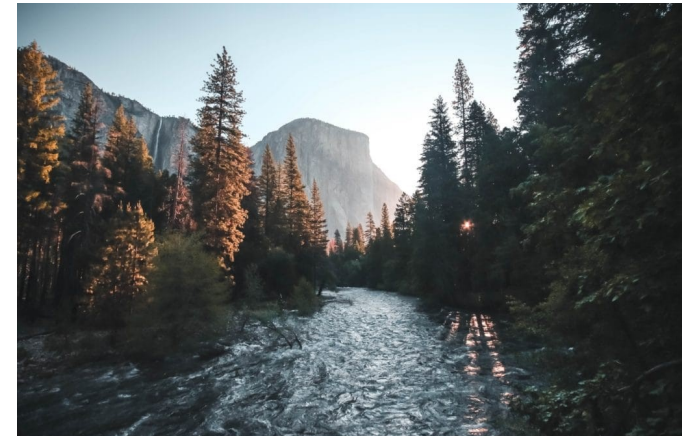

of the class'. Imagine an empty chair at the back of the classroom that is filled one day by a boy that doesn't smile or speak. What would you do?

Reading at home is vital to every child's progress at school and to support with this, the children will receive a dojo each day they have read at home. Each week the children will have an opportunity to share what they have enjoyed about their reading book and gain a raffle ticket to go into the weekly prize draw.

Writing

This term we will be writing to entertain.. We will learn to write narratives in both the third and first person. When writing we will be using correct punctuation, conjunctions and beginning to learn about the correct use of paragraphs We will also practice the correct use of speech punctuation by using speech marks and remembering to start a new line for a new speaker.

Pilgrims Class Autumn Term 2

We hope you all had a restful half term and ready for some more adventures in term 2!

Every child in our class made us proud last term, they shone their lights by working hard, being super role models and making amazing progress. We can't wait to see how they progress and mature this term through our new topic of 'Misty mountain, winding river'.

A massive well done goes to all the children who are completing their TTrackstars, Nessy and reading each day at home...keep it up!

Please make sure you keep coming to school at 8.30am each day and come looking smart in your school uniform, and don't forget to share your password with anyone you send to collect your child from school!

Keep reading to find out more about our learning this term!

R.E.

This term we will explore the Hindu and Islamic communities. We will find out about Hindu beliefs and explore the festival of Holi and find out why Raksha Bandhan is celebrated. When exploring these religions and their practices we will investigate the importance of the natural world.

Reminders...

Our class website has lots of information about what we are learning this term
www.bostonstnicholas.co.uk

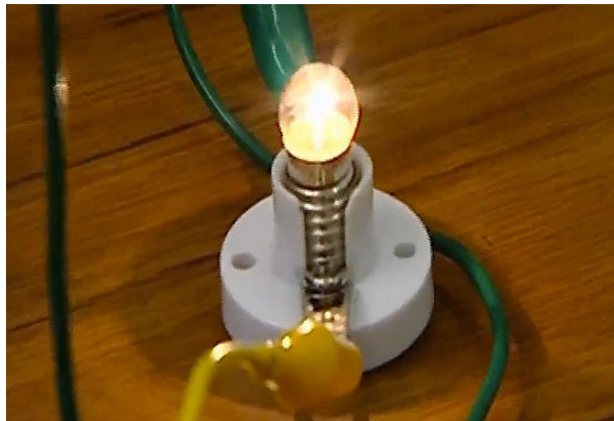

If you need to contact us then you can email us directly through the class webpage.

If you are self-isolating then work can be found on our class webpage and then emailed to: Pilgrimsremote@infinityacademies.co.uk

Follow us on Twitter [@StPilgrims](https://twitter.com/StPilgrims)

Science

This term we will be exploring the question: "How do the lights work in our homes?" We will look at where electricity comes from, which appliances need electricity and the different forms of electricity that we use. The children will then have the opportunity to explore how electrical circuits are made to power things in our homes. They will investigate how switches work and also look at insulators and conductors. They will become expert problem solvers, working out why a circuit doesn't work and then correcting it!

Homework

Nessy and TTrackstars are both set for all children. Children that use these programs each day will receive dojo rewards! Daily reading is also part of our homework and we encourage the children to respond to their reading.

Maths

Key Learning: Addition and Subtraction

- To add and subtract up to 4 digit numbers using the column method
- To exchange when subtracting
- To use the inverse operation to check
- To use estimation to assess whether answers are reasonable.

Measurement: Length and perimeter

- To convert between different units of measure,
- To find perimeter of rectangles by counting squares

Topic

Our topic is misty mountain, winding river! We had an amazing start to this unit by visiting snipe dales! Back in school we will be finding out more about rivers, naming the different parts and thinking about their uses. We will also learn to use four and six figure grid references to identify them on maps! Next we will move on to exploring mountains including what they are and how they are formed. We will learn the names of different types of mountains and then locate them on maps.
